**EXPLANATORY NOTES TO THE AGENDA
OF THE EXTRAORDINARY GENERAL MEETING OF SHAREHOLDERS
OF OCI N.V.**

Item 2 - Two proposals to amend the Articles of Association to facilitate a capital repayment in connection with the Transaction (*one combined resolution*)

Introduction

The Company proposes the payment of an extraordinary interim cash distribution of up to EUR 10 per share. The resolution of the Board to effectuate such interim distribution is subject to the completion of the Company's sale of its 100% stake in Iowa Fertilizer Company to Koch AG & Energy Solutions (the "Transaction").

In this connection, the Extraordinary General Meeting will be requested to resolve on two subsequent amendments to the Articles of Association to facilitate that the extraordinary interim cash distribution can be made as a repayment of capital or, at the election of the shareholder, as a payment from the profit reserve, subject to Dutch Dividend Withholding tax. Shareholders that do not make a choice, will participate in the repayment of capital. A choice for one option implies an opt-out of the other option.

The amount that will be repaid to shareholders has not yet been determined, and remains subject to the discretion of the Company's board of directors provided that the amount that will be distributed shall not exceed EUR 10 per share.

Worth noting that on 25 April 2024, the Company's general meeting already approved the payment of an extraordinary interim cash distribution of EUR 4.5 per share, subject to completion of the Company's sale of its 50% stake in Fertiglobe to Abu Dhabi National Oil Company P.J.S.C.

Further details on the distributions will be announced by the Company timely before the distributions become payable.

Proposals to amend the Articles of Association twice in connection with the capital repayment

It is proposed to the Extraordinary General Meeting under this agenda item 2 to amend the Articles of Association twice in accordance with the proposed draft deeds of amendment as reflected in a triptych in Dutch and in an unofficial English translation, which is available on the Company's website (www.oci-global.com) as well as at the Company's offices.

The resolution to amend the Articles of Association twice also includes the authorization of each member of the board of the Company as well as each lawyer and paralegal practising with De Brauw Blackstone Westbroek N.V. to execute the two notarial deeds of amendment to the Articles of Association.

Pursuant to the first amendment, the nominal value of the shares will increase with an amount of up to EUR 10 from EUR 0.02 to a maximum amount of EUR 10.02. Pursuant to the second, subsequent amendment, the nominal value of the shares will be reduced again to the original amount of EUR 0.02.

The amount of the reduction per share, an amount of up to EUR 10, will be distributed to the Company's shareholders as a repayment of capital (subject to the election mechanism described above).

This voting item requires a simple majority of votes cast if 50% or more of the issued share capital is represented. If less than 50% of the issued share capital is represented, this proposal can only be adopted by a majority of at least two-thirds of the votes cast.

Capital reduction requirements

Pursuant to Dutch law, the reduction of capital is subject to a formal procedure. This procedure entails customary filings with the Dutch Trade Register and observation of a two-month creditor opposition period as described in Section 2:100 of the Dutch Civil Code.

For purposes of these filings the maximum aggregate amount of the distribution must be specified. Solely for this pursuant an aggregate maximum distribution amount of EUR 2,111,793,470 will be taken into account, which amount has been calculated on the basis of a distribution of EUR 10 per issued share (excluding the shares that have been repurchased by the company) and allows for unforeseen fluctuations in the issued share capital. Under the provisions of Section 2:100 of the Dutch Civil Code, creditors may lodge objections to the capital reduction within a period of two months following the announcement of the filing of the resolution to reduce the share capital with the Dutch Trade Register. The amendment to the Articles of Association effecting the capital reduction may only be implemented after such two-month creditor opposition period has lapsed, provided that no creditor objections have been received by the Amsterdam District Court or, in the event objections have been received, after such opposition has been withdrawn, resolved or lifted by an enforceable court order by the relevant court in the Netherlands. The amendments to the Articles of Association, as well as the distribution, shall only take place thereafter.
